Dr. Michael Epstein Implements TouchMD Technology

Cedar City, UT – (November 17, 2010) Dr. Michael Epstein, Chicago, Illinois, has recently implemented the TouchMD product in his clinic. TouchMD better educates patients and improves the doctor-patient relationship.

Dr. Epstein received his medical degree from Wayne State University in Detroit. He trained in general surgery at Michael Reese Hospital in Chicago and returned to Detroit for his Plastic Surgery fellowship. He received additional cosmetic surgery training at Manhattan Eye, Ear and Throat Hospital in New York. Dr. Epstein is board certified and a member of the American Society of Plastic Surgeons (ASPS) and the American Society for Aesthetic Plastic Surgery (ASAPS).

"I strongly believe in educating my patients and making sure they feel comfortable about their procedure," said Dr. Epstein. "TouchMD has already proven to enhance my patients' educational experience during the consultation process."

"We are excited Dr. Epstein is the first plastic surgery office to have TouchMD in the Chicago area," said Jason Whitesides, managing partner of TouchMD. "Because of his advanced techniques in cosmetic surgery, TouchMD is a perfect fit."

About TouchMD
